## Mid Course Challenge

In order to attain the 3X multiplier the handler must stay behind the Red Line while the dog performs obstacles 6-8 as marked on the map

In order to attain the 1.5X multiplier the handler must stay behind the Blue Line while the dog performs obstacles 7 & 8 as marked on the map.

In addition, all obstacles on the course must be performed without any required corrections to qualify with a multiplier. Obstacle corrections allow for a score but in that case the multiplier is voided

**Handlers may choose to run the entire path with their dog for no multiplier**.

**Start and Finish Hoops are always Bi-directional**

General Reminders: Start and finish hoops are Bi-Directional. One team will do square numbers and the other team the circle. Dog will start and finish on the same obstacle. Only one team may be on the course at a time. Second team may not start until the dog and handler from team one are beyond their finish hoop.
