### CLASSES OFFERED

Two certification programs will be offered at this event – Championship and Performance. Competitors may enter both Championship and Performance classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test (i.e., standard at any level in both programs). Classes include standard agility, gamblers, jumpers, pairs relay and snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

#### CHAMPIONSHIP PROGRAM CLASSES

The **Starters Standard** classes shall be for dogs that have not earned the Agility Dog® title or a Starters Standard title. **Starters non-standard** classes shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay – 3 different partners required – or Starters Snooker) or a qualifying score in the equivalent non-standard class at the Advanced or Masters level. When offered separately as Starters and Novice classes, the Starters level classes are for dogs handled by a person who has not previously earned the Agility Dog® title or a title in the Performance or Veterans Program with any dog. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the non-standard classes is required to earn the Agility Dog® title.

The **Advanced Standard** classes shall be for dogs that have earned the Agility Dog® title or a Starters Standard title. **Advanced non-standard** classes shall be for dogs that have earned the Agility Dog® title or that have earned a title in the equivalent non-standard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the non-standard classes is required to earn the Advanced Agility Dog® title.

The **Masters Standard** classes shall be for dogs that have earned the Advanced Agility Dog® title or the Advanced Standard title. **Masters non-standard** classes shall be for dogs that have earned the Advanced Agility Dog® title, the equivalent non-standard title at the Advanced level, or that had previously qualified for entry into the equivalent Masters non-standard class prior to January 1, 2004.

#### PERFORMANCE PROGRAM CLASSES

Generally, Performance Level 1, Level II, and Level III are run on courses used for Starters, Advanced, and Masters classes in the Championship Program, with the following exceptions: the A-frame is set at 5'6", jump heights are one height class lower as set forth in Notes to Competitors, no spread hurdles are utilized and time standards in the standard and jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program and the pairs relay class is non-qualifying. Eligibility is determined as follows:

The **Performance I Standard** class shall be for any dog that has not earned the *Performance Dog I* title, the *Performance Standard I* title, or a qualifying score in the Performance II or Performance III Standard classes. **Performance I non-standard** classes shall be for any dog that has not earned a title in the class being entered (*Performance I Gamblers, Performance I Jumpers, or Performance I Snooker*) or a qualifying score in the equivalent non-standard class at the Performance II or Performance III level.

The **Performance III Standard** classes shall be for any dog that has earned the *Performance Dog II* title, the *Performance Standard II* title, the Advanced Agility Dog® title, or the Veteran Advanced Agility Dog® title. **Performance III non-standard** classes shall be for dogs having earned the *Performance Dog II* title, the Advanced Agility Dog® title, the equivalent non-standard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

## CLASS DESCRIPTIONS

Classes include standard agility, gamblers, jumpers, pairs relay, and snooker agility as set forth in Chapters 3-7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

**Standard classes** consist of a sequentially numbered course containing an A-frame, Dog Walk, See-saw, Open tunnel(s), Closed Tunnel, Table, Tire Jump, Weaves, Spread jump, and various Hurdle Jumps. Championship Standard classes are scored pursuant to the provision of Chapter 3 (Masters), Chapter 4 (Advanced), and Chapter 5 (Starters). Generally, Performance Level 1, Level II, and Level III classes are run on courses used for Starters, Advanced and Masters classes in the Championship Program and scored identically with the following exceptions: no spread hurdles are utilized, and time standards are extended by 3 seconds beyond that utilized in the Championship Program.

**Gamblers classes** consist of a course with no pre-determined route and each obstacle is assigned a point value. In the "opening" period the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the "opening" the handler attempts the "gamble", a sequence designated by the judge to be handled from a distance, for additional points. This non-standard course is pursuant to the provision of Chapters 6 and 7 of USDAA Rules and Regulations.

**Jumpers classes** consist of a course of jumps and may include a tire and tunnels. This non-standard course is pursuant to the provision of Chapters 6 and 7 of USDAA Rules and Regulations.

**Snooker classes** has an "opening" sequence of point collection similar to the Gamblers followed by a closing sequence of a set pattern. This non-standard course is pursuant to the provision of Chapters 6 and 7 of USDAA Rules and Regulations.

**Pairs Relay classes** consist of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Partners must be in the same level and same height division, mini Championship 12/16", Performance 8/12") or open (Championship 22/26", Performance 16/22"). In the event only one dog is entered in a program/level, un-entered dogs or dogs from other programs/levels may NOT be recruited to form a qualifying pair. This non-standard class is pursuant to the provision of Chapters 6 and 7 of USDAA Rules and Regulations.

Additionally, the first place competitor in each height class who has earned a qualifying score shall be eligible to enter the final round of a Type 1 Regional Championship without regard to their score in the first round. Such eligibility shall be documented through a "bye" voucher. A competitor may earn more than one voucher, and the voucher is non-transferable, can be used only once and must be submitted with the competitor's entry form for a Type 1 Regional Championship. ***DOG REGISTRATION APPLICATION - \$20***

***JUNIOR HANDLER REGISTRATION APPLICATION - \$20***

Dogs must be registered with USDAA in order to compete in USDAA sanctioned events. A registration card and number with a "U" prefix will be issued to facilitate entry at USDAA events and tracking of show results in the regular classes.

Junior handlers (those 18 years of age and younger) and their dogs must be separately registered for participation in the USDAA's Junior Handler Program (UJHP). A registration number with a "J" prefix will be assigned for use in entering UJHP events. A dog competing in both programs (regular classes and UJHP) must be registered separately for each program, for which the total fee is \$40.
