In the Opening:

All combos are multi-directional. Must complete all elements of the combo successfully for points. If a fault occurs on a combo obstacle (ie dropped bar) complete the combo for a zero. Repeating an obstacle within a combo will result in a zero providing all combo obstacles are completed (ie 7a, 7b, 7c = 0). HOWEVER, if you complete the combo then take a piece again, that is a whistle (ie 7a, 7b, 7c, 7c= whistle).

Finish jump is LIVE AT ALL TIMES.
 Start jump taken again (after starting course) results in a whistle.
