### REVERSE JACKPOT

There is an opening and a closing.

### OPENING

The opening consists of successfully completing one of the gambles  
 1-2-3-4 circles or  
 a-b-c-d or  
 1-2-3-4 squares.  
 You will receive 20 pts of successful completion of the gamble.

### CLOSING

Immediately upon successful completion of 1 gamble, proceed to point accumulation time. There will be a first buzzer which is only an indicator that you have 20 seconds (large dogs) or 22 (small dogs) seconds of point accumulation time left.  
 Note: you do not want to hear a second buzzer. It indicates that you are 6 seconds past qualifying.

### JUDGING

During the opening, the judge will call 2-4-6-8, then "20" if the gamble is completed; however the scribe will not write anything until the judge says "20!"

Once the closing has begun, the point values will be:  
 contacts and jump combo = 5 pts  
 weaves, double and tunnels = 3 pts  
 jumps = 1 pt

After the buzzer, all obstacles can be completed twice successfully for points.
