- In the event of a tie for the Speedstakes Challenge, the scores from round 4 will determine the winner. If there is still a tie, the dogs will compete in a run-off on the round 4 course.
- Eliminations in rounds 1-3 rounds, dogs will still progress to Round 4 with E's running random in the beginning of the Running Order for the 4th Round.
- A no-show or NFC in any class will result in disqualification from Speedstakes Challenge competition, including awards.

****Participants may choose "open" or "beginner/novice" but not both.**

Managing Conflicts for Handlers with Multiple Dogs and/or moving between UKI and USDAA Rings

Running order for each event is a random draw produced by the Trial Secretary. Handlers with more than one dog and/or competing in both the UKI and USDAA Ring will have their running order altered to achieve the following:

- A gap of 10 dogs (9 dogs between their runs) will be created by moving the first-drawn dog earlier in the running order (in either ring). If this does not achieve the 10-dog gap, the second-drawn dog will be moved down in the running order.
- If there are not enough dogs in the class to achieve the 10-dog gap the biggest gap possible will be created. If this gap does not achieve the minimum 10 dog gap, then a break of 6 minutes will be given. The 6-minute countdown will start as the handler's first dog crosses the finish line; the handler must enter the ring with their second dog before the countdown is complete.
- Handlers with more than 2 dogs will have their dogs split using the 10-dog gap rule. If there are not enough dogs to achieve this, the dogs will be split evenly through the running order and the 6-minute rule will be adhered to. If a handler has dogs in different height divisions, and the 10-dog gap cannot be achieved, the 6 minutes will run through while the jump heights are being changed.
- In seeded classes: A handler must notify the Trial Secretary as soon as possible once the results being posted of the previous class in that particular event.

Masters Series Tournament Rules

The aim of Masters is to encourage more competitive running in UKI classes and improve the overall standard of top level agility. The Masters has been created for dogs and competitors whose goal is to compete at both National and International level.

General Rules

Open to all UKI level dogs including Select heights. Separate competition for each height. Agility and Jumping rounds with results combined. Handlers must run in strict running orders, failure to do so will result in elimination. Either Agility or Jumping classes may run first. If a handler has 2 dogs entered within a jump height, they may move their first dog up so that there are as many dogs as possible between their dogs. If this is not possible, they will receive a 6-minute break. If a handler has more than 2 dogs within a jump height and the entry is not large enough for a sufficient gap in between all their dogs, the first of their dogs drawn will be allowed to run in between a jump height change, if a jump height change is available before their height. If it is not, the final decision will be made by the judge and show manager, taking into consideration fairness to the competitor and other entrants in the Masters Class. Day of Entries must run first within the running orders of the first class. The second class must run in reverse order of placing from first class. The dog must run in the height that he will compete at in the Masters Final. The same dog and handler must run both rounds. Only the handler who qualifies the dog through a Masters Heat, may run the dog in the US Open Masters Final. Any extraordinary circumstances to be ruled by UKI.

Scoring

Standard UK Agility Marking will apply. Faults converted into seconds. 5 faults = 5 seconds. Time faults treated the same as course faults. An elimination = 100 faults plus 60 second course time. An absent or NFC run = 1000 faults with a 60 second course time. Dogs with an absent or NFC run in either the Agility or Jumping will forfeit any Q's or awards gained in the other round; in other words, both rounds must be run for competition. Dogs with double elimination will not be placed. An E in the individual round will not be placed in that round. Dogs with the lowest score will be deemed the winner. In the event of a tie, the Agility result will be the deciding factor.

Final Qualification: 2 ways to qualify for the Final to be held at the UKI US Open: *(If you do not qualify at a local Masters Heat, a Last Chance Masters Heat qualifying class will be available to enter at the UKI US Open.)*

A. Individual Winners (per height) of the Masters Agility or Masters Jumping class (even if an E is earned in the other round).	B. 1st & 2nd Overall (per height) (neither round may have an elimination).
---	--

Prizes:

Of the Prize entry fee; \$5.00 is placed in heat prize fund. Each height has its own prize fund and will be divided as per Masters "Prize Money Guide". Prize fund is for overall winners only. \$1 from each entry fee will be split & placed in the Final prize fund and Team USA WAO fund. In the event there is not a monetary winner within a height, the prize money will be sent to UKI to be added to the Masters Final fund.
