Enter

3 Reds must be attempted, if one Red is faulted you may attempt the fourth Red.  
 OPENING: Everything is bidirectional, all combinations can be taken any direction, any flow. Repeated Obstacles in a combo cease scoring.  
 CLOSING: must be taken as numbered. Any combination that has been STARTED by the dog prior to the game horn going off will be awarded points, so long as it is completed and the finish jump is taken.  
 The start/finish jumps are live at all times, and are NOT bidirectional
