## **Conflicts:**

- We are fortunate that both the UKI and USDAA organizations allow trials to be held in conjunction with another trial – same trial venue, same day, and same weekend.
- Many of our competitors have chosen to participate in both organizations at this trial so we do our best to accommodate everyone.
- We MAY need to extend a walk or briefly hold a ring so that competitors can walk in both rings. These delays will not be longer than having to wait for someone running multiple dogs (they are provided with a 7-minute break).
- Competitors MAY need to move themselves in the run order to avoid conflicts.
- Ring 2 (UKI) will take precedence throughout the weekend. Please politely communicate with both gate attendants your “conflict” status, move your dog on the gate sheet to the appropriate spot, be sure to walk both courses and know that you will have an appropriate rest and time to run each class signed up for.
- We will be announcing ANY time adjustments throughout the day.
- It is imperative to the success of our trial, to UKI & USDAA, that we (competitors, volunteer workers and judges) are willing to be flexible and accommodate competitors who choose to run in both organizations.
