

## Jackpot All-Levels

## ¡Cinco de Mayo!

### Opening

- Point accumulation
- May take obstacles twice for points
- Combo may be taken in either direction (in flow)
- Start line is not bi-directional
- Table is not live

### Closing

- Point accumulation continues
- Obstacle attempts reset (you may take each obstacle twice again)
- Finish jump is live
- Finish jump is worth 5 points

### The Golden Sombrero

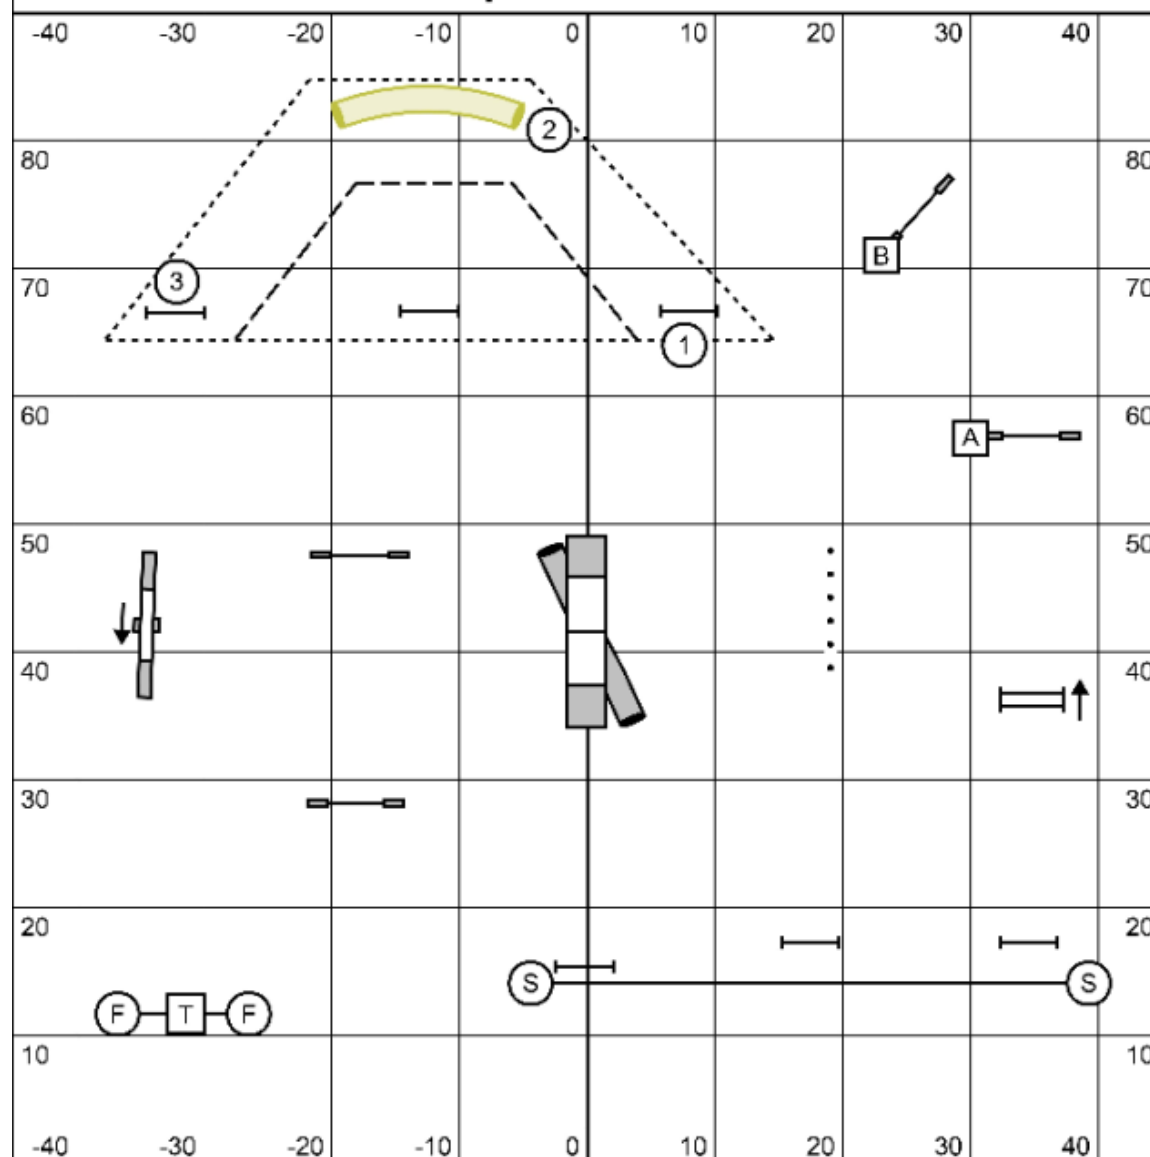

- There are two gambles present on the course

**Dotted Line - 20 points (circles)**

**Dashed Line - 15 points (circles)**

- You may attempt each gamble once
- You may attempt the gambles before or after the first buzzer, it is up to you
- You may only collect points from one gamble (cannot get both 15 and 25 points)
- When not attempting the gambles, you may take obstacles for points
- A gamble attempt will be counted when you take the first two obstacles of the gamble

Once you activate the golden sombrero (successfully complete one of the gambles), every 5 point obstacle becomes a 10 point obstacle.
