## SNOOKER 35C

Start line is bidirectional.

In the opening, the objective is to successfully take a red jump (1 point) followed by a color of your choice. Repeat this process three times total, each time using a different red. Colors can be repeated 1, 2, or 3 times. Fourth red is on the course only if a red bar is dropped. All obstacles except the double are multi-directional in the opening, as marked in the closing. In the opening, if a combo is done, both parts must be completed even if the first part of the combo is faulted. Failure to do so will result in the end of your run. Combo may be done in any fashion, it does not have to be in flow. If you do #2 as your last color, you must repeat 2 again to start the closing. A bar down in the opening of a colored obstacle negates that obstacle in the closing and ends the run at that point in the closing.

If you hear judge's whistle/thank you, or the timer's buzzer, go to the finish jump BEFORE you touch your dog. Finish jump is not live until you finish your opening. The finish jump is bidirectional and your time is not dependent upon the jump staying up.

 Large dogs - 45 sec
