## JACKPOT 1235C

Begin with the start jump (bidirectional). Successful completion counts as 1 point. If your dog goes around the jump and starts performing obstacles, no points will be earned but time will start.

All obstacles may be done twice successfully for points. Back to back obstacles are allowed if done safely. Combo must be done in flow, either direction.

Successful performance of the double jump will cause all points collected to that point to double. The double may only be used once to double your points. The double must be done successfully once in addition to collecting sufficient points for your level in order to qualify.

Successful performance of the double will count as 3 points and count as part of doubling of preceding points.

The table is live only after the buzzer and must be completed to get a time. You may direct your dog to the table prior to the buzzer if you desire.

Point values:

Jumps including start jump = 1 pt

Tunnels, weaves, double = 3 pt

Contacts, combo = 5 pt

Time:

Big dogs - 30 / 18 = 48 sec

Small dogs - 35 / 20 = 55 sec

Points to qualify:

Regular/veteran -

44 points Level 5C

40 points Level 3

36 points Level 2

32 points Level 1

2 points less for Specialist/Enthusiast
