## JACKPOT 1235C

Opening and closing, start jump only is bidirectional.

At 1st Whistle you will have 22 (large) 24 (small) to complete your gamble. You must start your gamble (bi-directional) at the straight tunnel (2 pt) choose a 3 point obstacle (4 pt) then to a 5 pt obstacle (6 pt) to the table (8) = 20 pt gamble. When starting the gamble you cannot take any other obstacles during the performance of the gamble. If you do, it will negate the gamble. Until you go into the straight tunnel you will continue to gather points. Your gamble has started when the dog enters the straight tunnel.

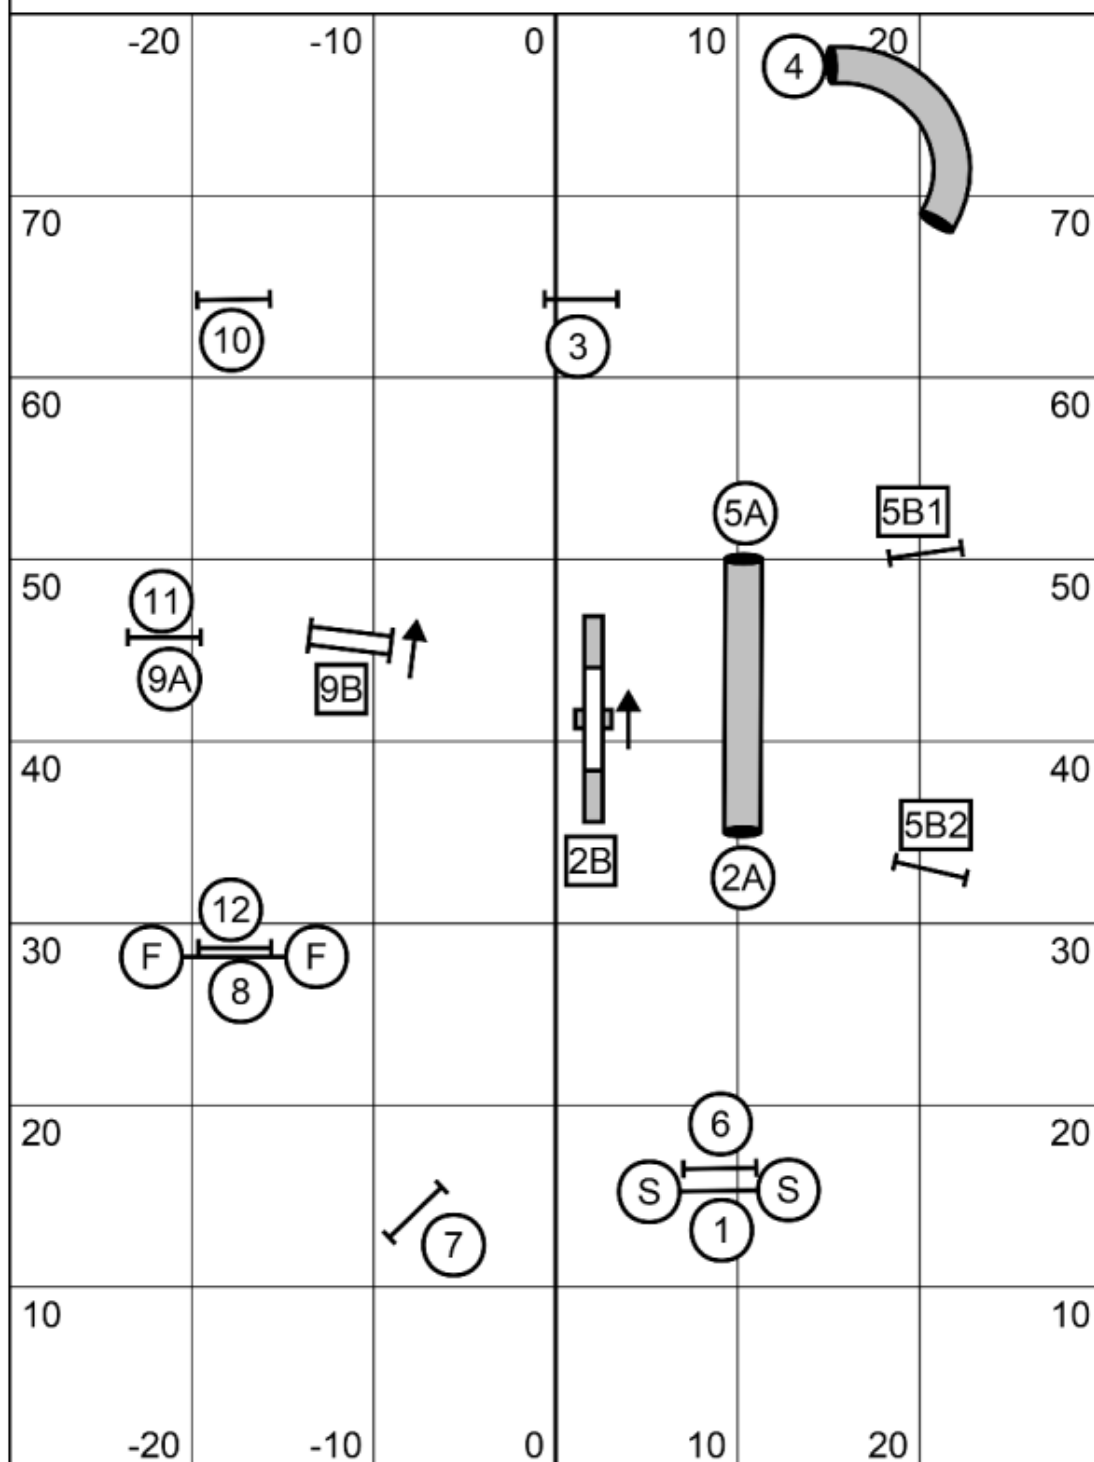

Opening 30 sec large dogs 1st whistle 22 seconds

Opening 35 sec small dogs 1st whistle 24 seconds

You must put at least 1 paw on the table to stop the clock and must be within your allotted time to Q. Overtime is an NQ
