Non-Traditional Jackpot

In the opening, collect points.

Gamble(s) may be collected at any time during the opening.
All three gambles are worth 20 points.

Your gamble will **not** be negated by doing gamble obstacles forward or backward in the opening.

If your dog takes the first obstacle of a gamble and you are behind the line/in the box, I will consider that to be your gamble attempt.

You must remain behind the line until your dog completes the last obstacle of the gamble in order to get credit.

You will continue to earn points for obstacles taken after the horn.

The finish jump is live at the horn.

Going over time, or
failing to complete the gamble and point requirements,
will result in an NQ.

Obstacles may be done twice for points outside of the gamble(s).
Back-to-back obstacles are fine if done safely.

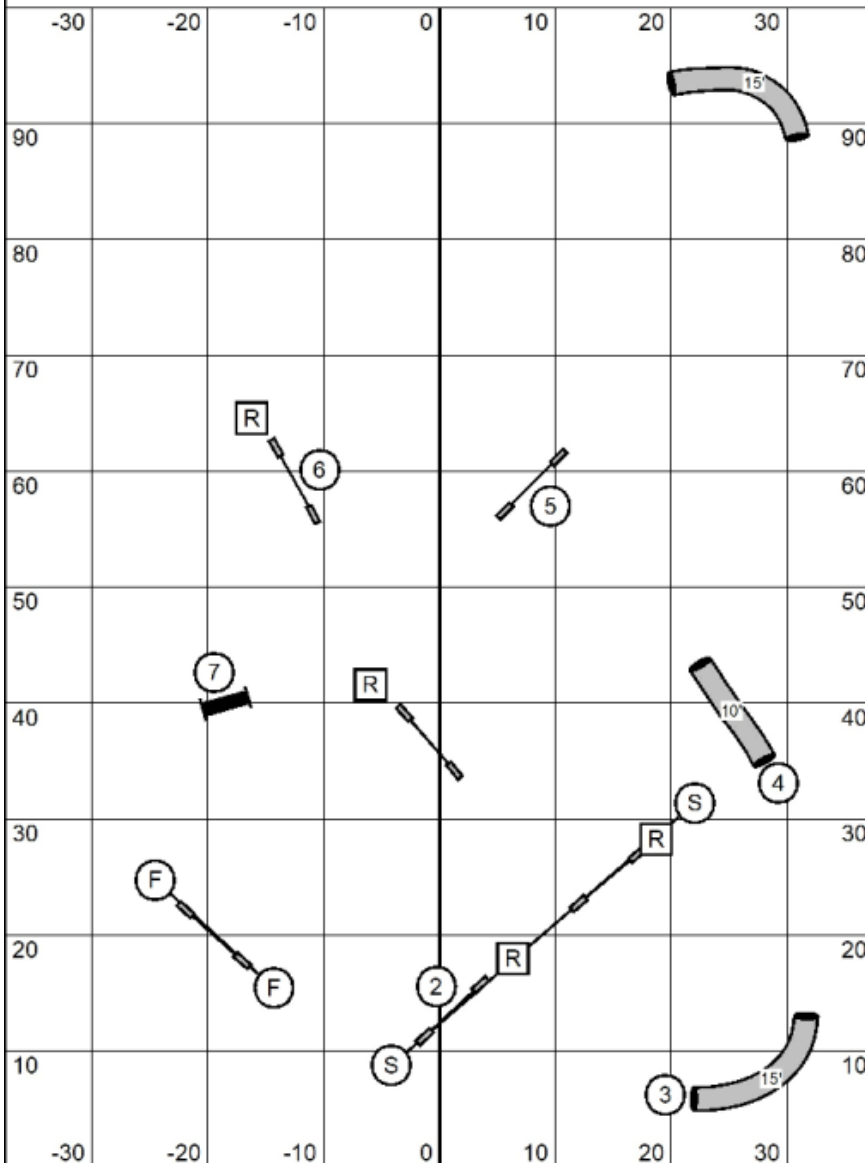

5 points: AFrame, dogwalk, combo in flow

3 points: tunnels, weaves, wall

1 point: jumps

4/8/12 inch dogs have 35 seconds, plus 22 after the horn.
16/20/24 inch dogs have 30 seconds, plus 20 after the horn.
