### Drag Race Reminders

Your run will be an NQ if any of the following occurs:

- Toy or food on course.
  - Food cannot be visible during the run **until the dog crosses the finish line.**
  - A toy does NOT have to be out of sight during the run. It can be thrown into the **finish** area before the dog crosses the finish line. If the toy is dangled within or thrown into the 50 or 100 yd run area, or the dog grabs their toy and trots themselves back past the finish eyes, it's an NQ.
- Dog leaving the course before crossing the finish line.
- Dog eliminates on the course then the dog is excused.
- The Person Catching the dog steps over the finish line into the running area to entice the dog before the dog crosses the finish line.  
The handler in the finish/catch area may use a recall while the dog is chasing the lure as an incentive without crossing the finish line into the running area to physically assist the dog or may toss a toy into the finish/catch area.
