

FullHouse 1,2,3,5,C

The Keys to FullHouse success.

Dogs- Puppies, knowing you have studied the course map carefully, and we know that you know the rules. During your run you need to complete 3 single jumps, 2 tunnels or panel jump, and 1 Joker to qualify. Please remember your handler does not count as the Joker. Today's jokers are A Frame, Teeter, and combo jumps in flow. Also remember to get enough points for your level. If that means leaving your handler behind and running on your own, feel free to do so. please look back at you handler once or twice so they actually think they are in charge.

Handlers - You may attempt to direct your dog, or he may run on his own ignoring you completely as you scream and yell thier name or obstacle. Just remember to get them to take the finish jump. The finish jump is live as soon as timer says go. The start line is Bi-directional.

When the horn sounds you have 5 secs to get to the table, after which you will start losing 1 point for each full second over 5. Until your dog puts at least 1 paw on table to stop time. After the horn there is no more point accumulation.

Times:

4, 8, 12, = 35 secs plus 5 to the table.

16,20,24 = 30 secs plus 5 to the table.

Pts Needed to Qualify:

Level 1 19 pts

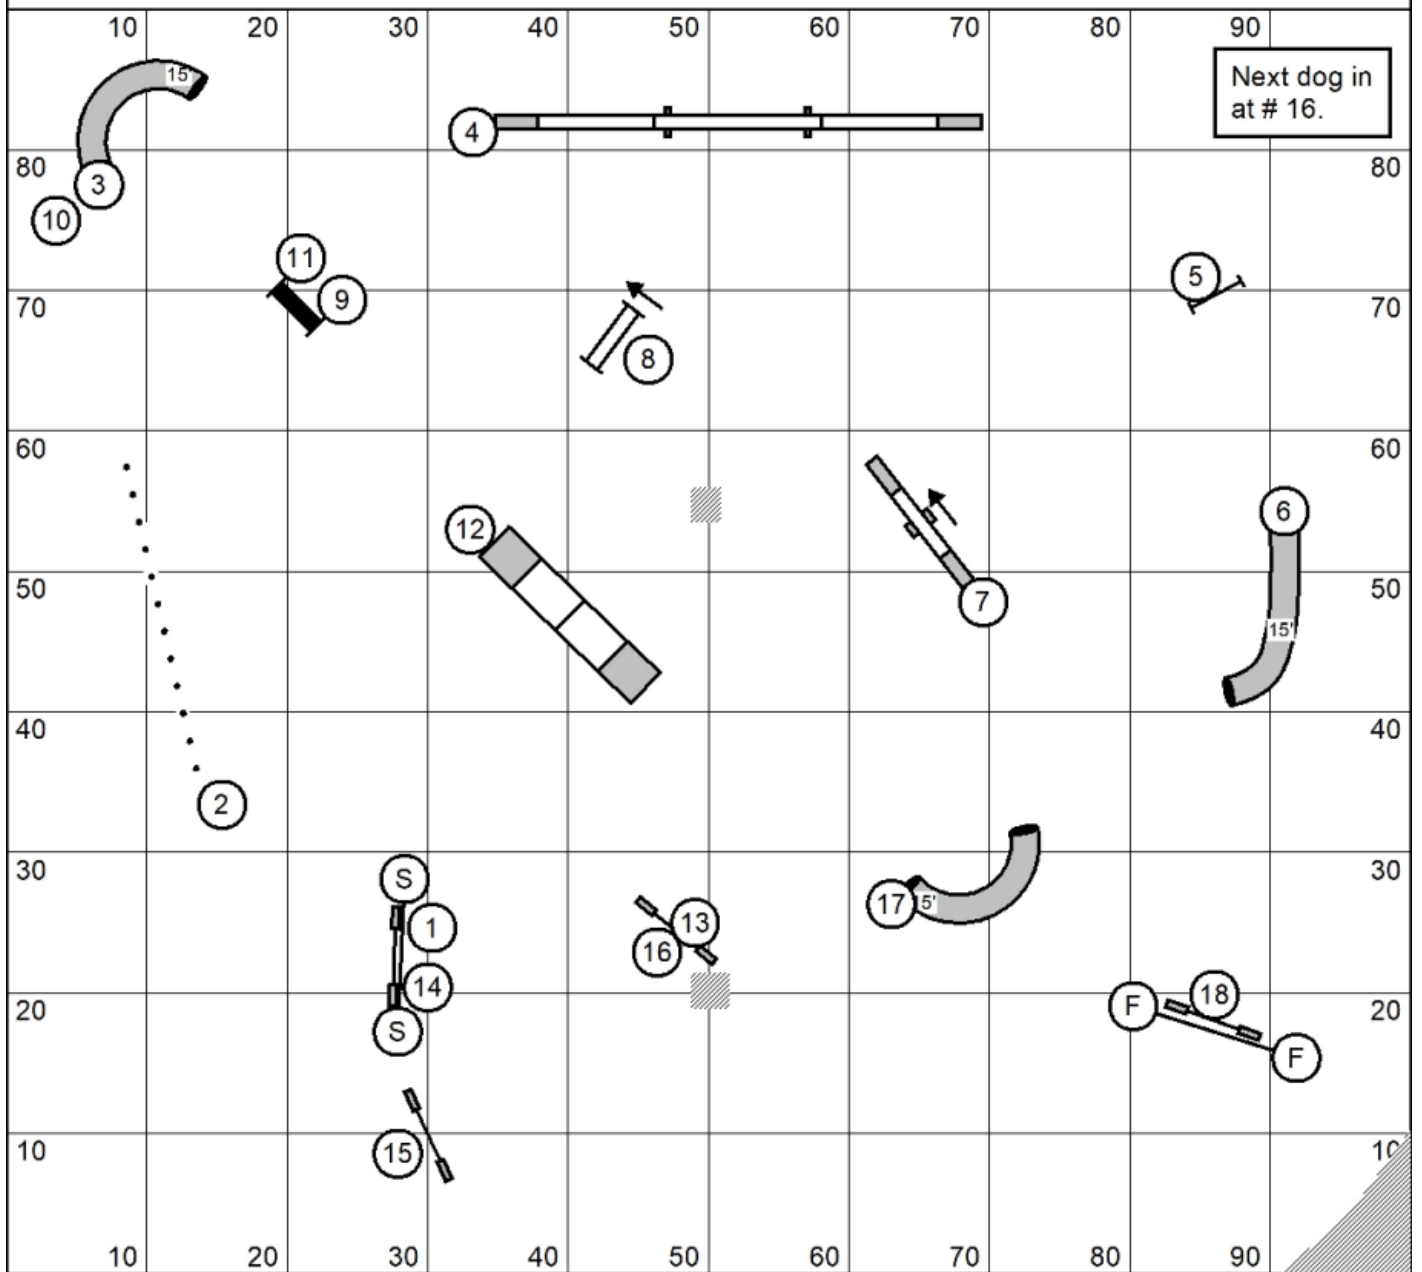

Level 2 21 pts

Level 3 23 pts

Level 5,C 25 Pts
