Check in with MyDogEntry.com (MDE):

MDE will be used for paperless check-in, maps and gate stewarding. Instructions for how to use MDE are on the homepage. The day before the trial, there will be buttons at the top of the home page for checking in, maps and running order. The simplest way to check-in is to first log into your account (everyone enters has one). Then click on the Check In button and just your dogs' check in info will appear. You can also checkin without logging in, you just have to look through all of the dogs. Choose one of the 4 options: check-in, scratch, FEO or conflict (note: MDE optimizes the running order to maximize distance between dogs for handlers with multiple dogs). If you indicate conflict, the Gate Steward will have the ability to move the dogs. As dogs go to the line to run, the Gate Steward will call out the dog's name and then mark the dog as having run when they are finished. The dog's name at the top of the run order should be the dog currently running

If you don't have a smart device ask your crating neighbor or see me for help. Also, we plan to have two monitors set up showing the current run order; one near the ring and one in the crating area

Be aware that although a paper copy of the running order will be posted the Gate Steward will be using the MDE version.

Move-ups:

Move-ups for Saturday and Sunday will be accepted in person by close of trial the night before. I'll have the forms...sigh... on my table.

Armbands and Measuring:

Armbands will NOT be used by GLOC for this trial. Your dogs needs to be measured if it has never been measured or if it has not been measured since it turned 2 years old. If a handler has an actual written measurement, permanent height card, from one of the following agility venues: AAC, AKC, CKC, UKC, UKI, or USDAA and presents that card to the measurer that day, CPE will grandfather and accept that as the measurement for the dog.

THE TRIAL CAN'T HAPPEN WITHOUT VOLUNTEERS!

A signup sheet will be posted in the ring area.

Trial Site:

Trial site will be open at 7 a.m. Saturday and Sunday. We will unload the POD and set up the ring starting at 6:00pm Friday night. We will begin laying tarps in the crating area at 6pm Friday.

Early crating will be available for those who helps...but not until the tarps are down. The crating area will be available for everyone at 7 am Saturday. This trial will be held indoors on soccer turf. The building is air conditioned. Crating is available in room adjacent (shares wall) to the trial on track and field workout area. Certain areas will be cordoned off. **Please respect areas designated do not enter** in the crating area and ensure your dogs do also. Bring matting, chairs, crates, and clean up tools. **If you have clean tarps, please bring** as all the turf in the crating area must be covered. Water is available on site. Dogs must be removed from the trial site upon completion of the trial each evening. In addition, dogs and personal supplies must be **off the workout area by 5pm on Sunday. All dogs** must be on leash at all times when not in the ring or in the designated warm-up area. **Please** clean up after your dog(s)! No ex-pens will be permitted inside the building. Ok. Lecture is over.

Food:

Concessions may be available on site. The club will provide Hamburger Pasta Casserole and veggie pizza on Saturday, French Onion Chicken and Rice Hotdish and veggie pizza on Sunday. Side dishes, chips, bread, veggie tray or desserts to compliment the main dish is appreciated. Also, Fast food restaurants are within 5 minutes of the trial site (McDonald's, 5327 Cornhusker Hwy; Casey's, 5500 Superior St, and Casey's 4335 N 70th St) along with restaurants on Havelock Ave.
