Standard 1

A grid diagram for a dog show standard, labeled "Standard 1". The grid is 30 units wide (from -30 to 30) and 100 units high (from 0 to 100). The grid is divided into four quadrants by a vertical line at x=0 and a horizontal line at y=50. The quadrants are labeled "IN/OUT" in the bottom corners. The diagram shows the following elements:

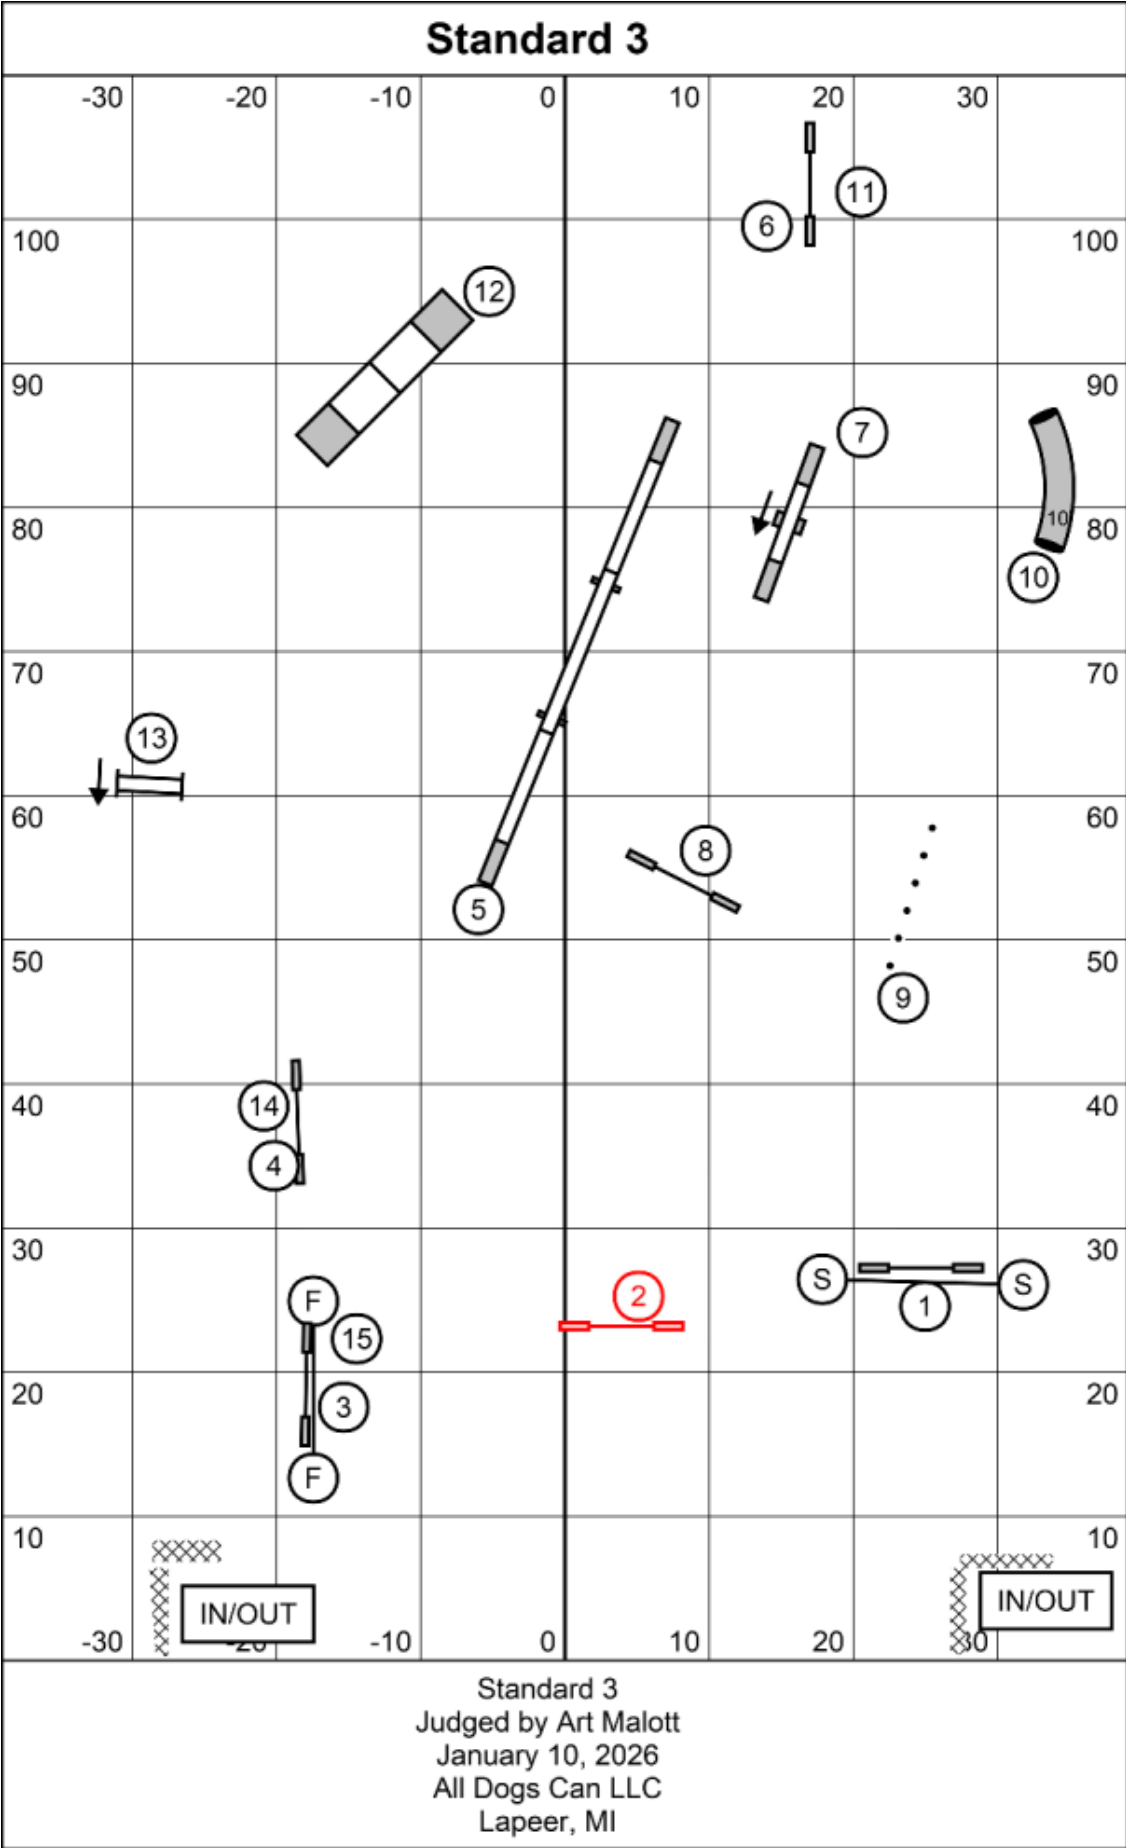

- Top Left Quadrant (x < 0, y > 50):** A dog (11) is shown in a standing position, facing right. A dog (12) is shown in a sitting position, facing left.
- Top Right Quadrant (x > 0, y > 50):** A dog (10) is shown in a standing position, facing left. A dog (7) is shown in a standing position, facing left. A dog (9) is shown in a standing position, facing left. A dog (8) is shown in a standing position, facing left.
- Bottom Left Quadrant (x < 0, y < 50):** A dog (13) is shown in a standing position, facing right. A dog (4) is shown in a standing position, facing right. A dog (F) is shown in a standing position, facing right. A dog (14) is shown in a standing position, facing right. A dog (3) is shown in a standing position, facing right. A dog (F) is shown in a standing position, facing right.
- Bottom Right Quadrant (x > 0, y < 50):** A dog (2) is shown in a standing position, facing left. A dog (1) is shown in a standing position, facing left. A dog (S) is shown in a standing position, facing left. A dog (S) is shown in a standing position, facing left.

CourseDesigner.com (CD v4.34)

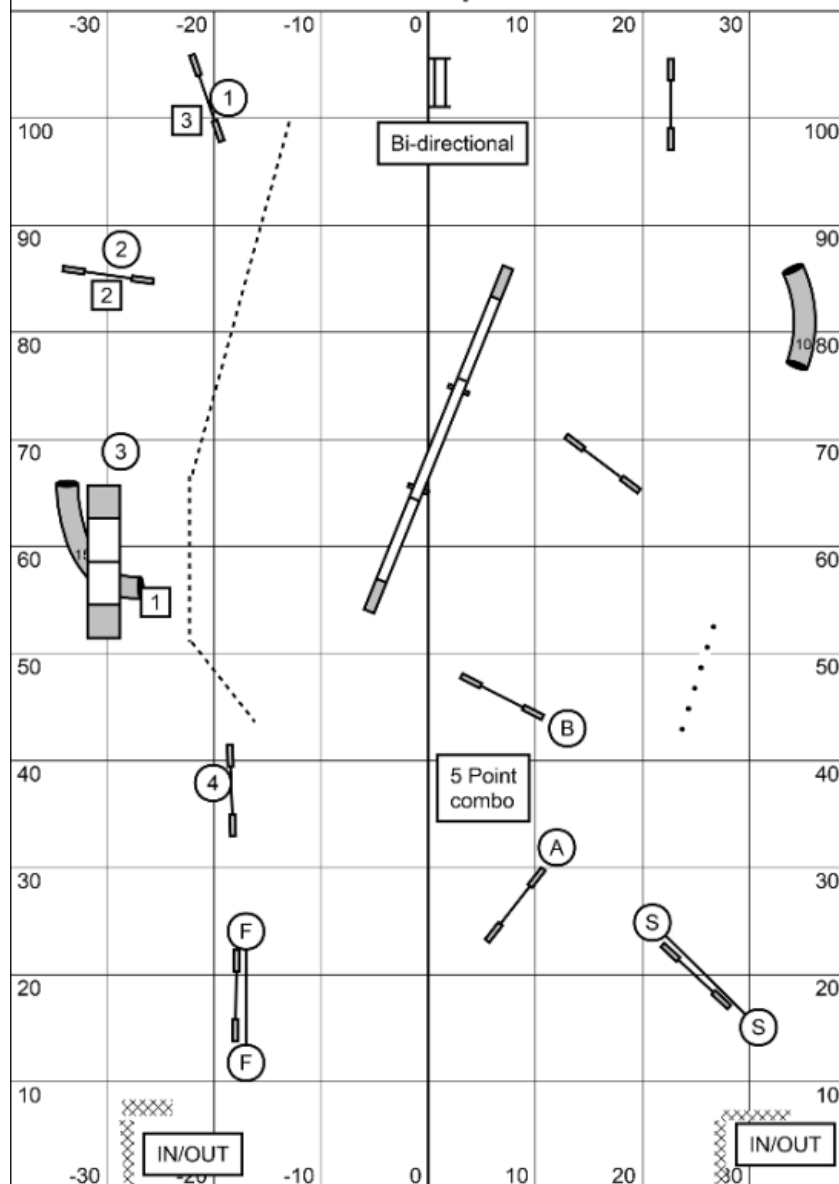

A detailed diagram of a dog show grid, labeled "Standard 2". The grid is a coordinate system with X and Y axes ranging from -30 to 30 and 10 to 100. Various numbered circles (1-15) and letters (F, S) are placed on the grid, each associated with a specific dog or handler. Some are connected by lines, indicating a path or relationship. There are also rectangular boxes labeled "IN/OUT" at the bottom corners. The diagram is used to track the movement and positioning of dogs and handlers during a show.
