### **Note per the CPE Premium**

No changes to trial results will be made once the trial has been completed – handlers are responsible for the accuracy of information in their confirmation from the trial secretary (dog's info, level, height category and/or jump height, etc), prior to running in a trial, and for reporting any discrepancies of posted results prior to leaving the trial site each day. This also includes if there was a correction to a scribe sheet – the handler must verify that the results were corrected as well.
