The Infinity Jackpot

General Rules

Startline is not bi-directional and you must go through the uprights to start the clock and point accumulation.

All obstacles available 2X for points in opening

5pts: A-frame, dogwalk, combo jump

3pts: tunnels, double jump, weaves

1pt: panel jump, bar jumps

Back-to-back (same) contacts okay if done safely

Closing

At the horn, proceed to the gamble section

Gamble does not start until dog takes the first jump between the two tunnels.

Dog will do jump-tunnel-jump-tunnel etc. in an infinity symbol pattern until you choose to go to the finish. Each successive obstacle earns an additional 2pts. At minimum you'll need a jump-tunnel-jump-finish jump to earn 2,4,6,8. But you can continue the sequence as long as you like to earn many more points.

***In addition, if you do the gamble obstacle sequence entirely from behind the 10' dashed line, your points will double.

If the Gamble jump bar is faulted, go directly to the Finish jump.

The Finish Jump will be the next number in the sequence, as long as it isn't dropped. It is not subject to doubling.

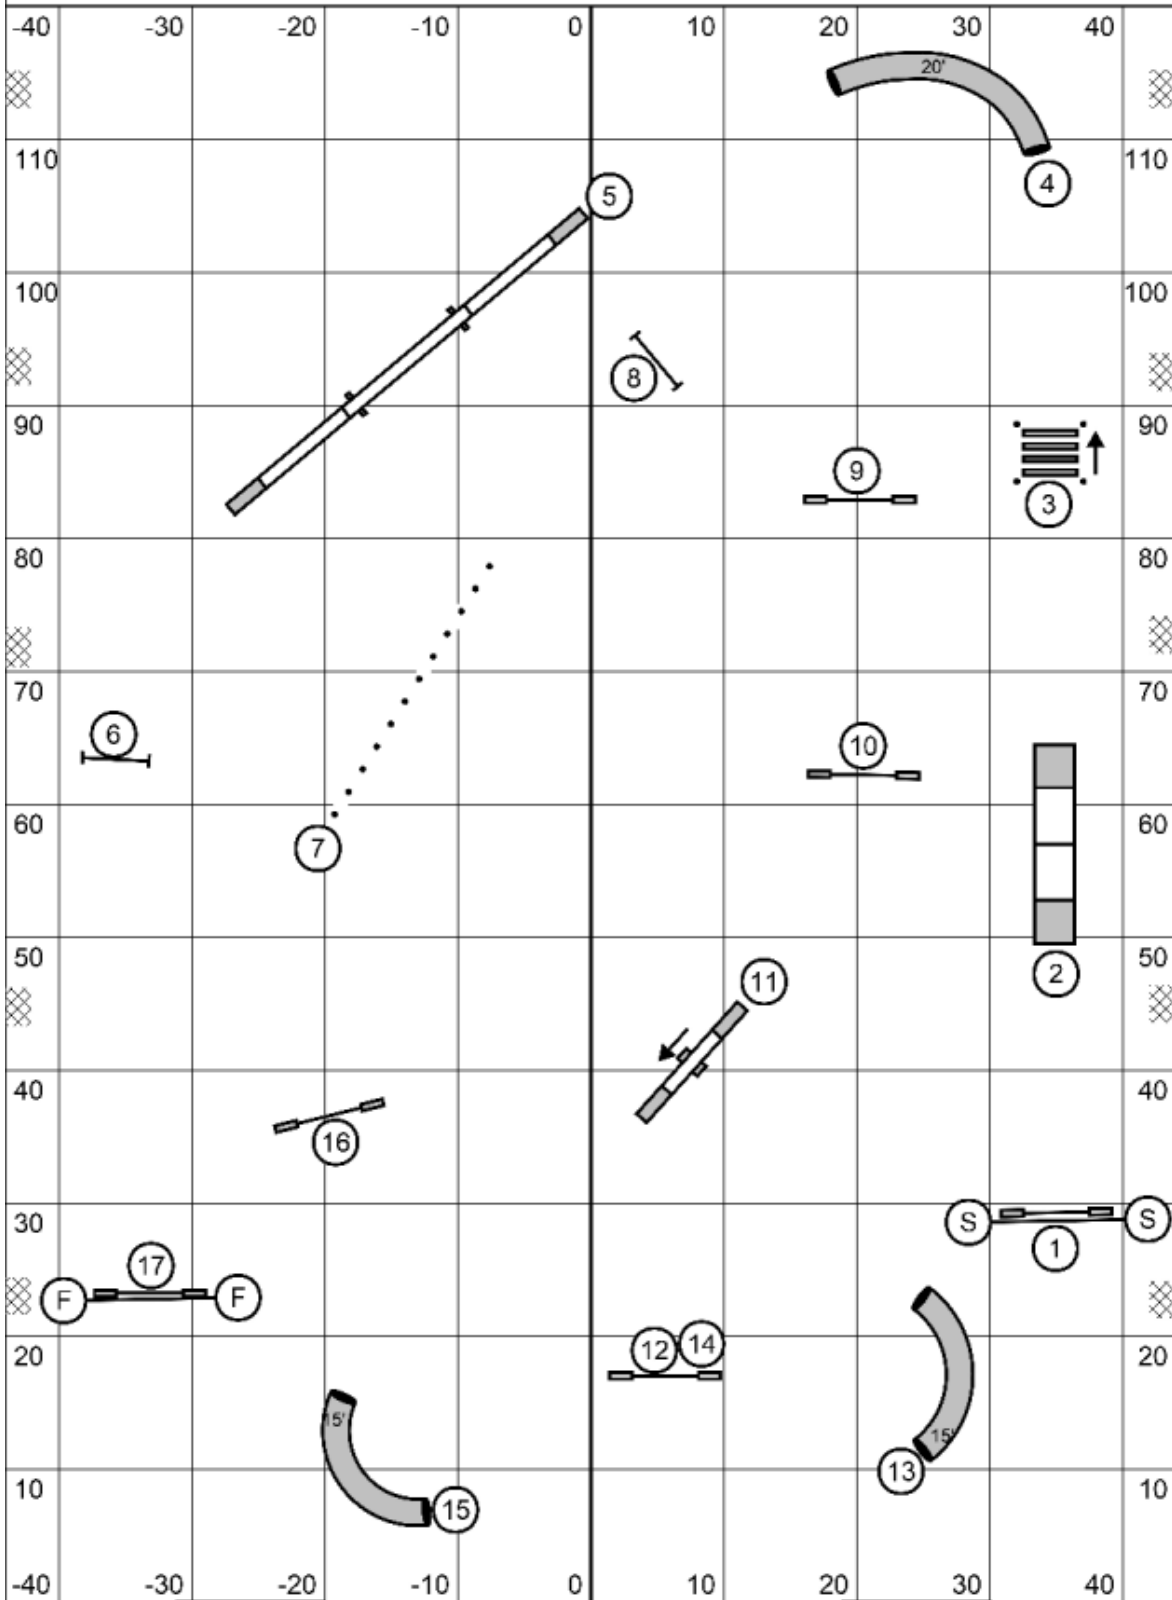

If you exceed your total game time, you cannot qualify

Small dogs 35/24sec. Big dogs 30/22 sec.

Points needed to qualify:

	Reg/Vets	Enth/Spec
Level 1	32	30
Level 2	36	34
Level 3	40	38
Level 5C	44	42
