**Hybrid Challenge**

Handler must stay behind Blue or Red line while the dog completes the required obstacles to get a multiplier! In order to attain the 3X multiplier the handler must lead out beyond the Red Line for #1 and stay behind the Red Line while the dog performs obstacles 5-7 and 11 as marked on the map. In order to attain the 1.5X multiplier the handler must stay behind the Blue Line while the dog performs obstacles 5-7 as marked on the map.

In addition, all obstacles on the course must be performed without any required corrections to qualify with a multiplier. Obstacle corrections allow for a score but in that case the multiplier is voided.

**Handlers may choose to run the entire path with their dog for no multiplier.**
