

Jackpot Levels 1,2,3,5,C

Let's Celebrate the Dare Devils!

*This Jackpot will go out with a bang! When you hear the first buzzer, head for the puppy cannon (aka straight tunnel)! The gamble may ONLY be done after the first buzzer has sounded. Once your dog completes the puppy cannon after the first buzzer, every obstacle successfully completed after is worth DOUBLE points!! You'll also get a bonus 15 pts. for making it out of the puppy cannon!

* All obstacles can be used twice successfully for points before the first buzzer. After the first buzzer, all obstacles re-set and may be used twice again for points. You can double the same obstacle twice, but then it is dead.

* In order to qualify, you must have at least ONE doubled obstacle.

* If your cannon ball is a dud (you fault the first obstacle after the cannon), you've negated your gamble.

* You may go to the finish jump at any time to end your run. It is automatically live after the first buzzer. Finish jump is worth an additional 5 points (this point value CANNOT be doubled.)

- 1 Point: Single bar jumps
- 3 Point: Tunnels, Weaves, Wall, 2nd time Double
- 5 Point: Teeter, Combo (in flow), A-frame
- 7 Point: 1st time over the Double

To Qualify, teams must complete the Gamble along with earning enough opening points within the time allowed

- Level 1 32 point
- Level 2 36 points
- Level 3 40 points
- Level 5, C 44 points
