Traditional Jackpot

Levels 1 & 2 start with bi-directional jump.
 Levels 3, 5 & C start with tunnel.

In the opening, collect points.
 At the horn, attempt the gamble for your level.
 Level 1&2 - circle ABCD
 Level 3 - square ABCD
 Level 5&C - circle 1234

Be careful not to negate your gamble during the opening by doing gamble obstacles forward or backward in order.

The finish is live at the horn.

Judging for the gamble will start when the dog takes the first obstacle of a gamble in the correct direction with the handler behind the line.

The handler must stay behind the line for the entire gamble, but the dog may cross the line.

To qualify, you must successfully complete the gamble after the horn and earn the required points for your level without going over time.

Obstacles may be done twice for points outside of the gamble.
 Back-to-back obstacles are fine if done safely.

7 points: weaves (level 35C), wall (level 12), first time only
