FULLHOUSE LEVELS 1, 2, 3, 5, C

The Finish Jump, which is the same as the Table, it is live at all times after you receive the "Go." The Finish Jump does not have a point value. All obstacles may be taken twice for points and back to back obstacles are allowed if done safely.

Once you complete your point accumulation, you may go to the Finish Jump at any time. Once the horn blows, you have 5 seconds for your dog to go through the Finish Jump to stop the clock. Every second over the time allowed will be deducted from your score.

To qualify, you must obtain the required obstacles, which are three (3) 1 point obstacles, two (2) 3 point obstacles and one (1) 5 point obstacle and the additional points to complete your level.

1 Point: Single bar jumps
3 Point: Tunnels, Panel
5 Point: Jokers: A-Frame, Weaves, Dogwalk

The start jumps are bidirectional.

In the opening, all obstacles can be taken in any direction. The combinations may be taken in any order as long as all obstacles in the combination are taken.

CLOSING: The Finish Jump is being used as an alternative to the Table and is only for the purpose of stopping the clock. The Finish Jump has the same rules as the Table, that is, it is live once you complete the opening sequence or if you purposely send your dog to the Finish Jump. There is no fault if the Finish Jump bar is dropped.

If at any time you fault along the way, you will hear a whistle or "Thank You," and your run is over so please immediately go over the finish jump to stop the clock.
