

JACKPOT LEVELS 1, 2, 3, 5, C

The start jump is bi-directional

To Qualify, you have to successfully perform obstacles numbered 2, 4, 6, and 8 in that order. You will receive the 8 for an additional 5 points when your dog successfully takes the Finish jump to stop the timer. The Jackpot is worth 20 points.

Take whatever obstacles you want along the way for points, all obstacles may be taken twice for points. You cannot take the 6 before the 2 or 4 and you cannot take the 4 before the 2. The Jackpot points will be given the first time you take the numbered obstacle in the correct flow. You can then take those obstacles once again for points. All obstacles re-set after the horn.

Jackpot Times: Small dogs: 35 and 20 seconds;
Large dogs: 30 and 18 seconds.

Going over the total game time will result in a NQ. The Finish jump is not live until after the first buzzer or you direct the dog to the jump to stop the timer.
