Jackpot 1, 2, 3, 5 & C

Briefing

"Math Class"

This is a non-traditional Jackpot. Any time your dog successfully completes a 1 point obstacle, directly followed by a 3 point obstacle, and then a 5 point obstacle, you will earn a 10 point bonus. There is no limit to the number of 10 point bonuses you may earn, but all obstacles may only be successfully completed twice for points and bonuses. Back to back obstacle performance is permissible, provided it is done safely.

The Start line is not bi-directional. The Finish Jump is bi-directional, and is live after the first horn or if you direct your dog to finish early. Dogs must pass through the Finish eyes to receive a time, even if the jump bar is down.

Points values as follows:

1 point: Single Bar Jumps
3 points: Tunnels, Weaves, Double Jump
5 points: Teeter, Wing Jump Combo, A Frame, Finish Jump (only at the end of the run)
