

Jackpot Levels 1,2,3,5,C

Avast ye, mateys! Happy Talk Like a Pirate Day!

- * You've arrived at the jackpot island, me hearties, and are ready to find your treasure!
- * During your run, you get one chance to pillage the treasure chest (in the box). While there, everything your seadog does successfully is worth 2x their normal value - **with one exception - Teeter can not be done from within the gamble line for 2x points, saavy?**
- * All obstacles can be used twice successfully for any kind of points. You can double the same obstacle twice, but then it is dead, and dead men tell no tales.
- * You must have at least one double point obstacle, ya scallywag, in order to get the gamble (an additional 15 points!).
- * You may head back to the ship (aka - table) at any time to end your adventure. It is automatically live after the first buzzer, so don't get greedy, as the jackpot buzzer gives no quarter. **Finish Table is worth an additional 5 points (this point value CANNOT be doubled).**
- *The Start Jump is bi-directional.

- 1 Point: Single bar jumps
- 3 Point: Tunnels, Double Jump
- 5 Point: Teeter, Combo (in flow), A-frame
- 7 Point: First time over the Double

To Qualify, teams must complete the Gamble along with earning enough opening points within the time allowed

- Level 1 32 point
- Level 2 36 points
- Level 3 40 points
- Level 5, C 44 points
- Specialists and Enthusiasts: Two points fewer
