

Medina Swarm October 3 & 4 CPE CSS Trial

The site will be open at 7:30 AM for set-up. First dog on the line at 8:30 AM both Saturday and Sunday.

There will be DAY OF SHOW entries (until we reach our maximum of 150 runs per judge) at \$22 per class from 7:30– 8:00 on Saturday and Sunday. Please bring a completed Premium. We would appreciate a check or correct change. If you know of someone coming for DOS, please advise them.

Final move up is September 27 at 6:00 PM ET. The running order will be emailed by Thursday, October 1, and will be posted on My Dog Entry the same day.

We have 2 judges for this trial and there will be searches taking place inside and outside at the same time so we can keep things moving. Don't worry about search conflicts. Everyone will get to do their searches so please do not stress about "missing" a run.

The class order is listed below.

Due to limited interior space at this location, crating will be out of your vehicle.

Parking: The site is a county park with ample space for parking. Please bring any items you and your dog will need to be comfortable out of your vehicle (e.g., fans, Aluminet covers, etc.).

Food and water: Food will not be available at this trial. The site is around 20 minutes away from the nearest food options. Please plan accordingly—you may want to pack breakfast and/or a lunch. Water will be available in the lodge when there are no searches being run. A 5 gallon water cooler will be available as well. Please ensure you and your dog(s) will be adequately hydrated.

There will be a "warm up" area where you may practice. You must use provided scent and containers. Per CPE rules, you are not permitted to use your own.

Those who need to see Elizabeth (Trial Secretary), please do so before 8:00 AM day of trial.

Note per the CPE Premium

No changes to trial results will be made once the trial has been completed – handlers are responsible for the accuracy of information in their confirmation from the trial secretary (dog's info, level, etc.), prior to running in a trial, and for reporting any discrepancies of posted results prior to leaving the trial site each day. This also includes if there was a correction to a scribe sheet – the handler must verify that the results were corrected as well.
