Pick Your Gamble

In the opening, collect points as desired. To qualify, one must collect the appropriate number for your level.

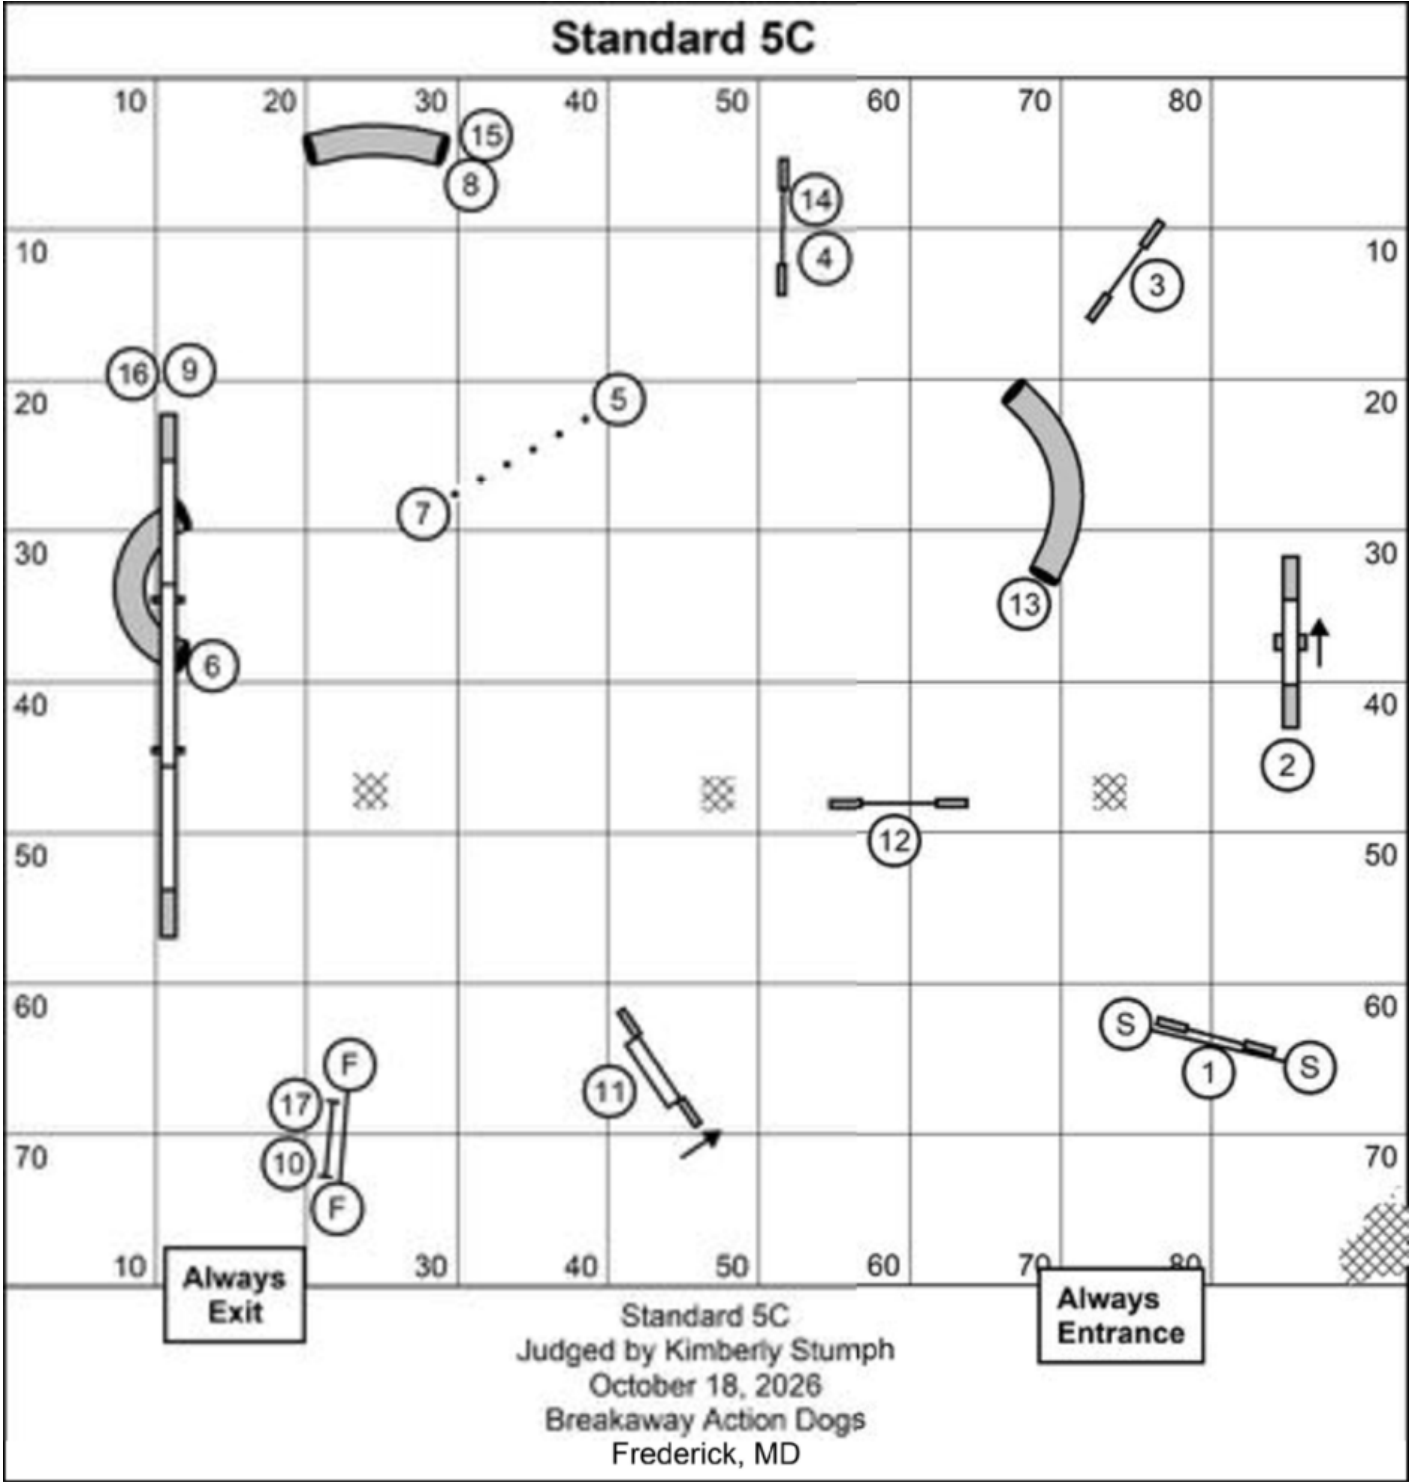

Point values:
contacts and combo = 5 points
weaves, tunnels, double = 3 points
jumps = 1 point

When the buzzer sounds, the gamble period begins. To successfully complete the gamble, Successfully complete 3 (and only 3) of the lettered obstacles from the opposite side of the line, then go to the table. If you fault an obstacle, find another one.

The judge will say "2-4-6-8".

You choose which 3 obstacles to use, the direction, and the order.

The table is #8.
