

# MyDogEntry Gating Program

If you don't see these buttons at the top of the screen:

Touch this icon to start the MyDogEntry Gating Program:

Then touch the "Run Order" button and select the correct location and day.

Select the day and ring.

When each dog gets in line, touch the dog's name to add a dot.

Touch the button next to each dog to cycle through these choices:

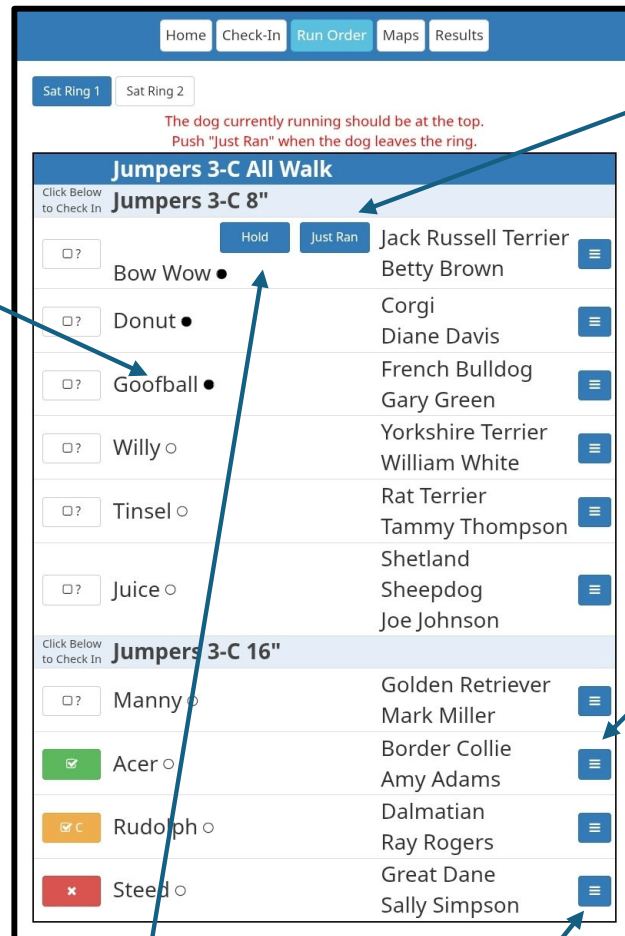

Not Checked-In →

Checked-In →

Conflict →

Scratched →

If a dog is not ready to run right now but will run later, touch "Hold" so the next dog can run.

After each dog runs, touch "Just Ran" and that dog will be removed from the list.

If the dog is absent, touch "Just Ran" to remove the dog from the list.

If a dog ran early, touch the menu button and touch "Ran Early" and "Confirm".

Touch the menu button and use the arrows to move a dog within the same jump height.
